# Building Trade Union

One of North America's largest building trade unions, with over half a million members leads the way in training, educating, and representing the next generation of skilled construction professionals.

**Business Challenge**

- Develop a cloud migration plan to move to Azure

- Meet security and regulatory compliance requirements for migrating core legacy applications

- Azure optimization and management

**Solution**

- A cloud migration plan to move to Azure

- Meet security and regulatory compliance requirements for migrating core legacy applications, including running Personify on a Windows and SQL server

- Provide ongoing Azure optimization and management

**Business Outcomes**

- Successful workloads migration to Azure

- Compliant governance and security posture for workload environment, enabling UBC to safely deploy applications via Infrastructure-as-Code

- Ongoing management and optimization, including a 65% cost savings through RI management and successful networking—providing full, direct interoperability between on-premise resources, Azure resources via ExpressRoute, and AWS resources via Direct Connect

Microsoft Azure
